Fee

Free for HKWMA Members and \$100 for non-members.

Each applicant is required to pay \$100 in advance for registration.

Language

Cantonese

Programme Highlight

Cathay Dining

Cathay Dining, a subsidiary of the Cathay Group and a leading flight kitchen, is a pioneer in sustainable airline catering, introducing Hong Kong's first warewash system designed to recycle inbound food waste for electricity generation. This visit offers a unique opportunity to gain firsthand insight into the company's innovative approach to environmental sustainability.

Participants will explore Cathay Dining's advanced warewash system, which integrates cutting-edge technology to boost food waste recycling capacity by 200%, with waste processed at O-PARK for electricity generation. Through in-depth discussions with experts, visitors will understand how this system achieves up to 70% reduction in electricity consumption and nearly 60% in water usage, significantly reducing environmental impact while setting a global standard in airline catering.
