

香港廢物管理學會
Hong Kong Waste Management Association

Symposium on
Producers' Responsibility Schemes
- A Tool for Sustainable Waste Management

Date: May 6, 2004 (Thursday)
Venue: The Double Haven, 4/F, Sha Tin ClubHouse,
The Hong Kong Jockey Club, Sha Tin, New Territories
Language: English

Programme Highlight:

This Symposium aims to bring together experts, scholars and government officials to share their experience in implementing Producers' Responsibility Schemes (PRS). PRS has been successfully applied in developed countries for managing special waste types such as vehicle tyres, batteries, beverage containers and electrical and electronic equipment. In general, PRS would require the producers/importers, retailers and the consumers to undertake appropriate share of responsibility in the management of the products at end of their service life. This symposium targets at environmental policy makers, environmental professionals and scholars, trade practitioners and interested parties.

For the detailed rundown, please refer to final programme.
